

## ENVIRONMENTAL MANAGEMENT POLICY

ILENDER PERU is committed to protecting the Environment on the basis of sustainable development, in order to meet present needs without compromising the ability to meet the needs of future generations.

Therefore, its environmental commitments are:

- Adopt the necessary measures to ensure compliance with applicable environmental legislation.
- Establish a management system to prevent, reduce and eliminate environmental impact in the development of its business processes and productive operations for environmental protection, pollution prevention and continuous improvement.
- Promote resource conservation by adopting processes that reduce the use of natural resources, encouraging the reduction, reuse or recycling of waste, as well as setting targets to reduce atmospheric emissions, improve waste disposal and management.
- Encourage the participation, commitment and sense of environmental responsibility of all people working in the organization or on its behalf, through appropriate communication, training and awareness.
